ASSAULT WITH INTENT TO COMMIT MURDER

HARTNELL, BRYAN CALVIN — SHEPARD, CECELIA ANN

The assigned Officer was advised by Station 1 at 7:13 P.M. to respond to Lake Berryessa area in response to a double stabbing. While leaving the Napa area, the assigned Officer learned that Park Ranger [ ] was presently at the scene of the double stabbing, the location being approximately 1/2 mile North of Park Headquarters on the shore line of Lake Berryessa. Park Ranger [ ] was reporting that a young male and female had been stabbed and the suspect had escaped.

The assigned Officer and Deputy [ ] of the Napa Sheriff's Department arrived at approximately the same time at the scene of the stabbing and the following was learned.

The two victims as listed on the face sheet of this report were laying on a blanket near the shore line. The girl with her head in the boy's lap at approximately 6:30 P.M., 9/27/69, they noticed a subject approach the with a dark hood over his entire head and shoulders and on the front of hood, at approximately the center of the chest, there was a symbol described as a cross hair symbol. This would be an even cross over a circle. The suspect appeared to have had dark glasses on and a small portion of brown hair appeared to show through the eye holes. The suspect stated to the victims, "I want your money and your car keys, I'm an ex-con from Montana, Deer Lodge. "I have a stolen car and I have nothing to loose." The suspect

at this point was pointing an automatic gun at the victims. At this point, the male victim stood up and was told to get back down on the blanket by the suspect. The victim refused to do so and the suspect moved in with his pistol and ordered him back down on the blanket, which he did. At this time, the suspect took out of his jacket many pieces of what appeared to be plastic clothes line, in lengths of approximately 2½ to 3 feet. The suspect gave several pieces of this material to the female victim and ordered her to tied her boyfriend up which she did loosely. The suspect then tied the female victim up, securely, and doubled checked the knots on the male victim and retied them after finding them loose. It is not clear at this point whether not conversation was had between the victims and the suspect, but at this point, the suspect began stabbing the male victim in the back area approximately center, a total of ten times. The male victim pretended to be dead and the suspect stopped. Suspect then turned to the female victim and began stabbing her in the back approximately 3 times and then somehow the female victim was turned over, and she was again stabbed approximately 4 times in the front area, once in the area of each breast, once in the groin area, and once in the abdomen area. The female victim then pretended to be dead and the suspect quit stabbing. Without further conversation, the suspect then walked away from the scene of the stabbing.

300 yards off the road found the male victim lying along side the road. The male victim was picked up by Park Ranger [ ] and taken back to the scene. At this point, the boats arrived with the aforementioned people. The assigned Officer arrived at approximately 7:45 P.M., observed the scene, got the victims in the ambulance on to the way to Queen of the Valley Hospital and began the investigation.

While the assigned Officers were enroute to Lake Berryessa at 7:40 P.M., Napa Police Department reported on an APB, stating that they had just received a telephone call from a male voice, young sounding, possibly early 20's, stated very calmly to the Police Dispatcher "I want to report a murder, no a double murder". They are two miles North of Park Headquarters, they were in a white Volkswagen Carmen Ghia". There was a pause at which time the Dispatcher asked "where are you?" and in response in a low barely audible voice came, "I'm the one that did it" and then the Dispatcher could hear the phone being put down but not hung up. This number was traced and found to be the telephone pay booth at the Napa Car Wash on Main Street. After securing at the scene of the stabbing, the assigned Officers then began to check Knoxville Road for the location of a white Carmen Ghia, which was in response to the telephone call the Police Department had received. ADDRESS .....

Additional details of offense, progress of investigation, etc.

At 7:40pm, 9-27-69, recieved a telephone call on line one of the Napa Police Dept. switchboard. I answered with, "Napa Police Dept., Officer   
A male voice, young sounding, possibly early twenties stated calmly, "I want to report a murder, no, a double murder. They are two miles North of Park Headquarters. They were in a white Volkswagen Karmen-Ghia."

There was a pause at which time I ask, "where are you now?" In a voice barely audable came, "I'm the one that did it." I could hear the phone being put down but not hung up. I ask "Is anyone there" about twice but recieved no reply.

b6  
b7C

I could hear the line was still open because I could hear traffic passing the phone and for some reason I got the impression there were people near or around because I seem to recall hearing feminine voices in the background, however at the time I was in the process of phoning the Napa Sheriffs Office with another phone and with radio transmisson it was hard to tell.

I informed the S.O. of the call and then phoned the operator to see if the call could be traced. An operator stated that this was a 255 pay phone and that the man had refused to give the number when he placed the call. This lead me to believe that he had dialed the operator and asked for the Police Dept. at which time sne ask him for the number he was calling from and he refused to give the number.

The operator in charge said sne would try to find where it came from and sne would hold the line open until its origin could be found.

9/28/69 - 12:30 P.M. - Reporting Officer [redacted] Det/Sgt., interviewed one of two victims who were each stabbed numerous times by an unknown assailant. Victim CECELIA SHEPARD and victim BRYAN HARKNELL both had been placed in the Queen of the Valley Hospital intensive care unit. Victim SHEPARD had surgery performed on her earlier in the morning (9/28/69) and was unable to be questioned by the Reporting Officer, however Dr. [redacted] gave permission for victim HARKNELL to be interviewed.

Although victim HARKNELL was heavily sedated, he was able to give R/O a verbal statement. (Note: R/O taped electrically the interview with victim HARKNELL.) Victim HARKNELL related the following.

b6  
b7C

He had known CECELIA SHEPARD for some time, they were good friends, and she had come to the Napa County area to spend the weekend. She and a female companion, [redacted] Calif.

[redacted] (phone [redacted] Ext. [redacted]) had driven from Southern California and were to drive back Sunday, 9/28/69. Victim stated he and MISS SHEPARD drove to Lake Berryessa, picked a large tree near the shore line where they decided to lie down and enjoy the scenery. While lying on the ground, victim HARKNELL stated he heard a noise and asked MISS SHEPARD if she could hear anything or see anything behind a tree not far from where the couple were lying. MISS SHEPARD told victim HARKNELL she could see a man behind the tree. HARKNELL asked her what he was doing. MISS SHEPARD stated she couldn't tell. HARKNELL stated he (suspect) then came from behind the tree. MISS SHEPARD said, "Oh my God, he has a gun!" Victim HARKNELL stated the man approached the couple, aiming a black steel automatic pistol. The suspect stated he needed a car and money. Suspect stated his car was "hot" and he wanted victim HARKNELL's car keys.

Victim HARKNELL stated he began talking with the suspect, telling the suspect he had no money, only a small amount of change, also that if the suspect was really in need of assistance HARKNELL would attempt to help him. The suspect told victim to get on the ground. Suspect then had MISS SHEPARD tie HARKNELL's hands behind him. HARKNELL stated he attempted to keep the suspect engaged in conversation while suspect was tying the victims.

HARKNELL further stated the suspect was described as follows: Wearing a black hooded mask (cloth), covering suspect's entire head and shoulders, coming down almost to suspect's waist. Victim stated on front of the four-cornered type mask (similar to paper bag in style) there was a symbol, the symbol described as white, approximately 3 x 3 inches in diameter, with a symmetrical cross. Also on the eyelets of the mask was a pair of clip-on sunglasses, the glasses clipped to the eyelets. Victim stated he could also see hair through the mask's eyelets and observed the hair to be dark brown.

Victim stated suspect was wearing a light-weight windbreaker, dark blue or black, pleated slacks (old-fashioned type). Victim could not remember what type of shoes or anything about suspect's hands, could not remember if suspect was wearing gloves.

Victim thought suspect was possibly 20 to 30 years of age by voice concept. Victim stated suspect was 5'8" to 6', 225-250 lbs., dark brown hair, eyes unknown, sloppy dresser, stomach hanging over trousers. Suspect spoke with some

type of drawl, but victim stated it was not a Southern drawl, did not really know what type of drawl, but thought the man was not well educated, but did not feel he was illiterate either. Victim said suspect's voice was moderate in sound, that is, not high or low pitched.

Suspect told victim he was sent to (?) Lodge State Prison (possibly Deer Lodge State Prison), Montana, for a killing. While there (in prison) he killed a guard while escaping. Suspect also told victims he was heading for Mexico, told victim he was flat broke. Victim observed cut-up rope in suspect's rear pocket (trouser's), also stated he was wearing a knife in a case (on belt) on his right side, near front of trousers. Knife description: Appeared to be a long bread knife, 12" long blade, 3/4" wide, hardwood handle, 2 brass rivets holding handle in place, cotton surgical tape wrapped approximately 1" around handle of knife. Knife case possibly made of wood.

Victim asked suspect if suspect's gun was loaded. Suspect removed magazine from handle of pistol and showed victim a bullet removed from gun, bullet described as a possible .45 caliber. Victim did not know what caliber the pistol was.

Suspect had MISS SHEPARD tie HARKNELL's hands behind him, suspect then tied victim SHEPARD's hands, then re-tied HARKNELL's hands, then tied both victims' ankles together, had victims lie on their stomachs. HARKNELL stated suspect said, "I'm getting nervous." This was when suspect was tying MISS SHEPARD's hands, in fact HARKNESS stated suspect got real shaky when he was tying MISS SHEPARD's hands.

Victim HARKNELL then stated that without warning the suspect plunged his knife into the back of HARKNELL. Suspect did this repeatedly, HARKNELL stated he thinks six times. HARKNELL stated he pretended to be dead and the suspect went over to MISS SHEPARD and stabbed MISS SHEPARD repeatedly in the back, and when MISS SHEPARD turned her body over (on back), suspect stabbed her in the lower abdomen. Victim stated suspect stabbed MISS SHEPARD much worse than him. Suspect went into some sort of frenzy when stabbing MISS SHEPARD.

Victim HARKNELL stated suspect left the area after the stabbing. Victim HARKNELL hailed a boat (off shore) and told the man in the boat the couple needed help badly. Victim stated the boat left the area and he (victim) attempted to get help by crawling and walking to the road. (Victim believed he had walked to the road, however had not gone too far from his wounded companion.)

Victim stated he thought suspect had been with the couple for approximately fifteen (15) minutes from time of observing suspect until suspect departed. Victim stated suspect did not take his wallet, although when MISS SHEPARD was tying victim HARKNELL's hands, she reached in his pocket and threw his wallet to suspect. Suspect did not take the wallet or victim's car keys.

Victim stated a man in a pickup truck found him on the road and called an ambulance. Victim stated he estimated one hour in time was involved between the time he and MISS SHEPARD were stabbed until help arrived.

MISS SHEPARD is listed in critical condition.

MR. MARKELL is listed in serious condition.

Both victims presently in the intensive care unit of Queen of the Valley Hospital.

Both victims' parents arrived this date and have been at the hospital. Neither parent could offer an explanation of why their children were attacked.

Case pending.

(NOTE: [REDACTED] Official County Court Reporter, took a brief statement from BRYAN MARKELL, however victim was so heavily sedated he was unable to go into any great detail regarding the case.)

J.R. Okay. Go right ahead. Start right from the beginning. What happened?

B.H. Okay. This girl came out from school, - I used to go with her two years ago, and she's now going to another school, and she came up to visit some friends and we were having dinner at the school cafeteria, and I said, "Well, are you doing anything special this afternoon?" and she said, "Why?", and I said, "I don't know. We could go out and either go for a walk, go to San Francisco, or, you know, just...", 'cause we used to be good friends. We used to have a good friendship. And so it got too late by the time we got around to what we were going to do. We had to stop in St. Helena for a couple items and then we had to cart a couple kids home and stuff, and by the time we finally got around to it, it was getting late, and I thought going to San Francisco 'd rush you, you know, because by the time we got back for worship...

And so we went out to Berryessa, and there was this one place I used to go out... we used to all the time, you know... and I couldn't find it. And so I figured Ah, forget it, and this looks like as good a place as any. So I parked the car, - there were no other cars there. I had a Kharman Ghia, '56, white, with a black vinyl top, and it's in pretty good-looking shape. But we parked there on the road's edge and we walked Oh it must be about a quarter of a mile to down to the place where we went. We had... (unintelligible) ...peninsula, - it's an island I guess during the wetter season. You can see where it was levee... And so that looked like a lot... there was a big spreading tree up there. There were two of them, really, - one was a little bigger than the other. We took the one that was out on the point.

It was really beautiful out there. We were sitting on top... I lay down on my back and she lay down on her stomach beside me, you know, kind of resting her head on my shoulder, and we were talking, you know, kind of reminiscing about old times, and stuff. And I heard these rustling leaves, and I said, "You have your specs on. Why don't you see what the deal is over there?" And she says, "Oh, it's some man." And I said, "Is he alone?" And she said, "Yeah... (unintelligible) ... and she says, "Well he just stepped behind the tree." And I said, "What's the idea of that? To take a leak?" You know, 'cause that's the only thing I could think of, - just step behind a tree. And so I says, "Well, keep looking and tell me what happens," - and she squeezed my arm and says, "Oh my God, he's got a gun!"

And so he came out, and of course still actually I wasn't... There's some things you really wouldn't mind having happen, just for the experience of it. You know I thought, Well I only got fifty cents on me. It's worth all of that having it happen. I didn't think about another angle. So I talked to him, you know. I said, "Well listen, Mac," (you know I'm in the sociologist field, you know, I'm pre-law, with history and psych.) You know I've read about the criminal mind and everything, you know. I thought well maybe the guy really does need help, you know. I says, "There's no strings attached." I says, "I don't have any money right now but if you need help that badly I can help you out in another way maybe." And he says, "Nah.. time's running short," he says, "'cause I just got out of... " - some prison in Montana, I don't know what the name of it is. Feathers? Do you know what the name of it is? I'll see if it sounds familiar. Fern or Feathers? It's some double name, like Fern Lock or something...

J.R. It's Lodge..

B.H. Oh yeah, yeah, - Lodge. At least we know we're together on that.

J.R. Mountain Lodge Prison, or something of that nature...

B.H. Yeah. You know he said he broke out and had to kill a guard getting out. And I said, "Well, man, I mean actually I don't mean to call your bluff or anything, but wouldn't you rather be stuck on a stealing charge than a threat of homicide? You know? And he says, "Well just don't start playing hero on me." You know, "Don't try to grab the gun," 'cause I didn't really figure the gun was loaded. I always thought it would be empty. I've heard a lot of times that this is what they do just as a bluff, but I decided not to call his bluff after he really, you know... I told him, "You know you're really wasting your time with me. I've got a billfold and this much change and that's it." And he said, he told the girl, "Go tie him up. I'd feel much better if you were tied up." And she tied a couple of loose knots on me, so I made it look kind of tight... (unintelligible)... you know, just for a second, and he said, "Go ahead." And I whispered to her, "You know I think I can get that gun." And I said, "Do you mind?" And she got kind of fearful about it, so I figured since there's two lives involved, not just mine, I won't do it.

So I let her tie me up on the wrists again, and he tied her up, - terribly tight, you know, real... (unintelligible) ... put his gun away, and we were talking and all, - bantering, you know, basically. I was thinking, anything I can do to help, by the way just to keep the conversation going... Suddenly he was taking it all seriously, you know... So I was starting out and finally he said, "Okay, lay down. I've got her tied up", you know... He strung a rope between our ankles in the rear, so we were like this, you know, on our stomachs, tied...

J.R. You both facing the ground...

B.H. Right. And, oh, this was before. I got sort of ahead. So anyway, he said, "Get down," and I said, "Oh come on! Don't make me lay down! We could be here all night! We could freeze to death!" I said that a couple, three times, and he said, "GET DOWN! RIGHT NOW!" He got a little pushed off at me. So I got down and then he finished tying her up and clonked her down, - and then he goes... Ssswhooosh (a sound with his mouth)... (unintelligible)

And so I said, "Do you have bullets in there?" And so he pulled out the clip and showed me that he did. The bullets were about this long, I can remember, and about this fat, and they had the regular red cap on it, about this long. Maybe that doesn't give you any better description of the gun or not. I don't know. And it came out of the heel, the grip, you know. It slipped out from the bottom.

And now, to backtrack a bit. I was really trying to see what he looked like, you know. He had on pleated pants, these old type of suit pants, you know, and they were either black or dark blue, I can't remember now. And I can't remember what he was wearing for shoes. But he had on this cotton coat. You've seen the kind, that you just turn the collar up once, there's a zipper down the front, you know. They're real light, super-thin, you know...

J.R. Kind of a windbreaker...

B.H. Yeah, like a windbreaker. And it's got this blue, this little collar, sometimes the guys wear them standing up, you know.

J.R. What color was that?

B.H. That was dark blue. And I don't know. Maybe he had something in his pouch. I just took it as being a... as being a... you know, he was stout 'cause he looked kind of heavy. I think he was weighing two and a quarter, two fifty, somewhere in there. And I got kind of a look at his hair. His voice... I can remember... almost like I'd heard it before. You know there's some drawls that a lot of people have similar. And... almost as if I'd heard it before... couldn't think where.

I gave that one up, I just gave it up on that angle. I looked through his hair. I kind of looked like it was combed, you know, like this... it was a brownish, you know, dark brown hair.

And this mask he had on. It was ingeniously devised. It was... he had four corners at the top, like the top of a paper sack... black. It came down, came down, with the front panel about to here, and a kind of a thing that came over the shoulders, you know, and then the same thing down the back, straight down. And in the front he had a circle with a symmetrical cross in the middle. You know what I mean by a symmetrical cross?

J.R. Um hum (affirmative).

B.H. The ends of the cross hung out about this far on each of the... you know, where it came out. The circle was this much... like this... and then it was like this, you see... hung out on the end, over the edge of the circle.

And he had clip-on sunglasses... it was hard to tell. You know, the sunglasses you clip on when you're wearing glasses, eyeglasses. He had those clipped on. I'm pretty sure... I don't think he had glasses, though. I think he just had these clipped on to his suit... you know, that little mask.

And I don't know how tall he was. Maybe 5-8 or maybe 5-10, 6 feet, somewhere in there. I'm a very poor judge of height because of my height. I have no meaning, you know. It's always down, you know. It can never be up...

And so I saw him put away his gun, and I was turning to say something to Celia, and all of a sudden I felt my back... just... no, I think I saw him pull it out... I don't remember... I think I saw him whip out his knife and just start stabbing me in the back... CHOMP, CHOMP, CHOMP, CHOMP! I was just (makes a guttural sound)... you know that kind of a sound... and Celia turned to see why I was (repeats guttural sound), you know, and she just about fainted. She went hysterical... (unintelligible) ... and when he finally stopped... I mean he went over and... The doctor says there's six in the back, six wounds on my back. You ought to confirm that. One I've got went clear through the lung. I've got it draining. I did drain a couple pints of blood out as soon as I got here. I lost an awful lot of blood, I guess.

We were down... I mean it was absolutely no question in my mind... when a person gets stabbed as many times as we did... we were going to die. I mean there'd be no reason to question it. But somehow I, you know, started (unintelligible)... I just knew there was too much I had to live for. I mean really it does happen... about getting depressed and everything... when you're young you always think about these things... you know you think about it... and when you've got someone forcing your hand, - oh well, there was a lot of things I had to do. And what really kept me going... you know my parents are pretty Christian. I haven't been too much of a Christian myself... but if you believe in the principle you ask God to help you. Another thing, - What was my only strength was knowing two things. One, that I did not want to die, and two, that I felt that whatever was going to be was going to be, but I was going to try my damndest to stay alive. And so, like I say, - before I left her I kissed her, and I said, "Well," I says, "I'm gonna try to get help."

There was a boat kept circling around out there in the lake and we started yelling at it and it finally came within about 100 yards of the shore and turned off its motor and stayed there watching us for about fifteen minutes, and we were just screaming hysterically, trying to get their attention, you know, to come over here. Oh, I don't know, I guess they were afraid that the guy might be there in the bushes and they were liable to get choked or something. So finally he came up a little closer. I didn't have my glasses on... I was just swaying, you know... and I had gotten one of her hands free before they came, and so I kept trying to get her to untie me, and she couldn't, she was too weak, she said.

So finally I just kept hollering and hollering, and she said, "Turn around and let's see if I can do it again." She finally got it. My hands and my feet were just pure numbness... they're still numb but I'm sure that will go 'way. But I finally got... (unintelligible)... untie her so she could kind of relax out. 'Cause it was a terrible position, you know, upon our stomachs... (unintelligible)...

And so I started to go for help. I finally got myself fairly reconciled. I wasn't too worried about dying, if that was what was going to happen, but I knew I had to keep pushing on. I had to force myself into staying alive because it was... I could just see myself... you know, all sort of waves would come over... I just (coughing sound)... (unintelligible)... "Well, you're not gonna give up this easy", you know. And, like I say, I just kept believing that God would do everything the best, if the thing was gonna happen, but I couldn't see any reason why my dying would be the best good. So I just played along with that.

I just started to walk toward the road... everything blacked out on me... my visual... my mind was never blacked out, but my visual was. So I lay down... My eyes started to come open... I just saw a haze of trees, you know. In a little while I got up and went another twenty feet, and then the same thing happened... (unintelligible)... and sat down. Next thing I went clear... (unintelligible)... the road, and by that time I just fell... I just... I was trying so hard to go far I just went too far. Finally I heard this pickup coming... I was just laying alongside the road, and that's where this guy picked me up.

They weren't in any hurry at all, it didn't seem like, you know, but they finally called an ambulance. About fifteen minutes later it came... (unintelligible)... but I still believe... I've got feeling... starting to get a little pain to come through. But from the minute that knife blade went in, it was nothing but pure shock from there on. I mean I just did not expect it. I didn't expect that he would do that. That was a variable I had completely left out. And I guess he just took off running after we started running. I don't know. I never saw him before and hope not to see him again... at least outside of a courtroom.

It's hard for me to explain much more. I'm trying to give you a kind of example of his technique. He had some rope cut up in his back pocket. And he had a... well, I thought it was a police automatic because it was in one of these black leather cases, you know...

J.R. Was it in a smooth case, or did it have a basket weave like...

B.H. Can I have my glasses? Oh, they're not here. It was a smooth one, though.

J.R. Did he have this hood down to about the middle of his chest?

B.H. No, about like... well, I'll show you... Here... his stomach... You know I could see his... (voice fades away)

J.R. Okay. You said his hair looked dark brown. How could you see his hair?

B.H. 'Cause I saw it from where those goggles fit. I looked so closely to find out. And when he turned you know they kind of fluttered... I could see his hair. It looked kind of greasy.

J.R. Now was he as heavy as I am?

B.H. Well I can't say 'cause he wasn't wearing those type of clothes. They were sloppy clothes, you know. And he just had on this old pair of pleated pants. I don't know... How tall are you?

J.R. I'm about five eleven.

B.H. Well, like I say, he was dressed kind of sloppily, you know. His pants real tight up here and his stomach kind of pouched a bit, you know. I don't know... it's hard to say 'cause I can't judge you with being in a suit and all, you know, and him not being professional-looking at all. He could be about the same. It's hard to say. He was so sloppily dressed.

J.R. Bryan, you also mentioned a drawl. Well not a drawl, an accent.

B.H. It was just something... I guess his way of talking. It was something I couldn't repeat. It's like a song. Sometimes you know what you're going to say but you just can't sing the melody worth a darn.

J.R. Did he have a throaty voice or a high pitched?

B.H. In between. But it was just a unique way of talking.

J.R. Did he sound like an educated man?

B.H. Heck no! I don't think so.

J.R. Did he sound illiterate?

B.H. No. He didn't sound that way either. He just impressed me as being rather low class. The reason was because of his clothes, you know.

J.R. Did you lose consciousness when he stabbed you at any time? Did you observe him stab Cecelia?

B.H. Yeah...

J.R. What did he say after...

B.H. He stabbed her a bunch of times in the back. After she turned around, he got her once in the groin and one in the arm I think. He kind of went a little more hog-wild with her than with me. I faked dead... like that... I didn't want him to come back and give me some more.

J.R. So you were pretty sure he thought you were dead when he finished working on you?

B.H. I think he kind of thought that. Of course I don't know because we started talking right after he left. It's hard to say... (unintelligible)... I don't think she fainted either.

J.R. Was she in a lot of pain, did she tell you?

B.H. Oh yeah. She was more weak at the time... (unintelligible)... from the religious angle. I told her I sure as heck wasn't going to have any deathbed conversion. "No," she says... (unintelligible)... I mean it was just like you were gonna die and had a few things to say. But I felt more and more I wasn't losing strength as much... (unintelligible)... that I thought I could cope with...

J.R. What you did was a courageous thing. It was a terrible thing to have happen to anyone.

B.H. Well there was nothing we could do. We were kind of at the mercy of him. I mean I wanted to get that gun... (unintelligible)... There was a time I think I could have gotten it...

J.R. Did it appear to be a .45 to you? An automatic?

B.H. It was about this long... along the stock... and had a wood edge on it, you know.. on either side...

J.R. Handles.

B.H. Yeah...yeah...

J.R. Did the bullet look anything like that?

B.H. No. It was kind of like this, only it was gold, and this part here came out along with this and then round the gold, round the blunt end. Not quite that blunt-ended, though.

J.R. Was it fat? Fatter than this?

B.H. Yeah, I think it was a little fatter. But it was gold, you know. And I didn't see any of this here. There was a part where it crimped... Well, almost like that .22, short, only a lot bigger. It was about like this length, maybe more stubby.

J.R. Well I'll get a .45 a little later and we can bring it up and let you observe it.

Let's take the suspect. His hands...

B.H. I don't remember if they had gloves on or not. I can't remember now. I keep thinking that he had gloves on. I can't figure how he tied us... Let's ask Celia, she probably knows about that.

J.R. Did he swear? Did he use any profane language or obscenity?

B.H. I don't think so. If he did it was no more than I was using at the time. I don't think he used any obscenity. He might have used a swear word or something, you know. That wasn't striking to me...

J.R. Do you have any idea what his motive might have been? Money?

B.H. Money. He said he was going to go to Mexico and he was flat broke.

J.R. Did he search you after he...

B.H. Heck no! Very unprofessional. He didn't even end up taking that loose change and didn't even take my billfold.

J.R. Why did he stab you when you weren't fighting him off or anything?

B.H. I couldn't! Even if I'd have wanted to. I was laying on my stomach...

J.R. So what would have been the purpose of him to stab you, to you think?

B.H. Well I (unintelligible)... but I think he got rattled... (unintelligible)... very, very nervous. His hands were shaking... (unintelligible)... Are you nervous?

J.R. I'm just curious. If you could write me that symbol you were telling me about. Do you think you could draw me a picture of that even without your glasses?

B.H. Um hum (affirmative). (Draws)... kind of like that. I can't see very well...

J.R. Yes, I see. Okay...

B.H. ... (unintelligible)... that I could really die...

J.R. Does this ring a bell?

B.H. This one here. This is more like it, but I'm not sure. It was distinctly that design. It was thick. More thick marks.

J.R. Okay. What color was this? Do you recall?

B.H. Black. And that was white.

J.R. This was black.

B.H. No, that was white. It was about this tall.

J.R. Two and a half, three inches?

B.H. About four by four... three by three...

J.R. How do you feel? Am I tiring you out too much?

B.H. No. I've had a couple shots. It's not hurting me at all.

J.R. Do you think Cecelia could tell me any more than you have already told me? Add anything?

B.H. (unintelligible)

J.R. Did he slap you around? Slap her?

B.H. (unintelligible)... No.

J.R. He was a much smaller man than you?

B.H. Not much. About your height I guess. I don't know.

J.R. Well you're getting kind of sleepy. I'll ease up on you.

B.H. Have you gotten any clues at all?

J.R. Yes, we've got some good clues. Before we get this guy it's going to take a lot of work.

B.H. Remember he said he was headed for Mexico.

J.R. He's headed for Mexico?

B.H. That's what he said.

J.R. I'll leave you my card. It's right up here. I'm going to go down and talk to your mom and dad.

B.H. Have the news heard about this at all?

J.R. Yes.

B.H. Was there anything in the paper today?

J.R. No, it wasn't in...

B.H. The Napa paper?

J.R. Well there's no Napa paper on Sundays. It's been on the news media...

B.H. Names? Did they name my name?

J.R. I don't know, to tell you the truth.

B.H. The reason I asked is my girl friend lives in Portland and I've got to talk to her before it gets to her...

J.R. Okay.

B.H. What time is it now?

J.R. It's one o'clock.

B.H. What are the rates now?

J.R. Don't you worry about the rates.

B.H. Well I should probably give her a call...

J.R. You're looking real good. You've got some color...

B.H. Is there a phone real close by?

J.R. I'll get the nurse...

B.H. 'Cause I'd like to call her now...

J.R. Now if you think of anything that you want to see me about, my card's here. You can have the nurse call me. I'm gonna be up here quite a bit.

B.H. You say you have a guard out here?

J.R. Yes.

(END OF INTERVIEW)

NAPA COUNTY SHERIFF'S DEPARTMENT

Note: This is basically the information I received from the three girls, [redacted] and [redacted]

They went into the Berryessa area from Angwin, via Pope Valley and pulled into a parking spot two miles North of the A & W at Sugar Loaf and stopped, but before they could get out of their vehicle, another car pulled in beside them, pulled pass them and then backed up with his rear bumper parallel and off to the side of theirs. Suspect sat there with his head down as if he were reading something; however the girls got the impression that he wasn't. This was 1455. They arrived at the lake shore line at 1500.

At about 1530 they noticed the same subject watching them. At this time they were in their swim suits sunbathing. They observed him in the area for about 20 minutes which would make it 1550. They no longer saw him after that. When they returned to their vehicle at 1630, the vehicle in question was not their. The vehicle was described as a Chevrolet, silver blue or ice blue in color, about a '66 model 2 dr. sedan, full size car, quiet, very conservative, with California plates.

b6  
b7c

The suspect they described is 25 to 35 years; 6' to 6'2; 200 to 230 lbs.; dark hair, straight and parted; no glasses; a black sweat shirt with short sleeves, the sleeves are not cut off, they are knitted at the end; dark blue pants, either sports pants or suit pants; the tee-shirt hanging out at the rear of his trousers; smoking cigarettes; appeared clean cut and nice looking.

These three girls are about 21 years of age, each, and are very sure and positive as to what they saw and observed. When asked if they could give details to an artist for a sketch or for the ident-a-kit, the [redacted] girl stated that she definitely could and the other two were unsure; however all three stated they could identify the subject should they see him again.

advised that the cause of death was shock and loss of blood brought on by two main stab wounds.

9/30/69, 1430 hours - R/O Det/Sgt. [ ] contacted CAPT. [ ] at Travis Air Force Base and arranged for an interview with COL. BENDER, CAPT. [ ] and SGT. [ ] to take place on Wednesday morning, October 1st, 1969, at 9:00 A.M. R/Os wanted to talk to someone at Travis regarding the shoeprints that were found on the scene. The remainder of the day and evening was spent in answering phone calls from people who had possible knowledge of the crime.

Wednesday, 10/1/69 - 0900 hours - Sgts. [ ] and [ ] went to Travis Air Force Base and were present at an interview in Col. BENDER's office, who is Commanding Officer in charge of base security. Also present at this meeting besides the aforementioned officers was LT. COL. LAVERICK of the Office of Special Investigation. Reporting Officers [ ] and [ ] advised the Air Force personnel present of the portion of the evidence we had discovered at the crime scene and asked them for assistance in locating where this type of shoe was sold or issued.

LT.COL.LAVERICK advised that his office would assist assigned investigators in attempting to locate the source of the shoe.

Officers were directed to the Base Supply with the assistance of Special Agent [ ] of O.S.I., at which time it was determined through Base Supply that this shoe in question was of Government issue and that it was not kept in stock at Base Supply, however it was believed that the Sales Store had such an item. It was then explained that if a military person or civilian employee was determined to be in need of such an item, he first reported to the Base Supply, at which time he was issued a purchase requisition which he in turn took to the Sales Store and the type of shoe was issued to the individual and they in turn required the individual to sign the purchase requisition showing that he did receive the item. This purchase requisition states the type of shoe that the individual was to receive, however makes no reference as to size. b6 b7c

Assigned investigators, accompanied by Special Agent [ ] proceeded to the Sales Store located on Travis Air Force Base. After a short period of time R/Os located in stock a shoe fitting the identical description of the artist's sketch drawn from the plaster cast which officers had in their possession. The identical shoe with identical tread was found and a shoe bearing the closest measurements in the artist's sketch drawn from the plaster cast was measured and found to be a size 10 1/2 in military styling or a 10 1/2 in civilian equivalent. It was determined through Air Force records that they were unable to furnish officers with the (cont'd)

data regarding the sales of this type shoe due to the fact that no recordings were made of the specific sizes, however purchase records indicate over the past 13 months approximately 100 pairs of this size shoe, namely 10 1/2 R, had been purchased and disposed of through sales. Air Force records indicate this type shoe is manufactured by the International Shoe Company, Philadelphia, Pennsylvania, then shipped to Air Force Depot, Ogden, Utah, and from there shipped to the various military installations upon requisition orders.

10/1/69 - 1400 hours - Reporting Officers [ ] and [ ] then proceeded to the Vallejo Police Department and met with Sgt. [ ] and Sgt. [ ]. Officers exchanged information regarding Vallejo's crime of 7/4/69 and our particular incident. Suspect information was exchanged and is listed in the separate suspect file.

Investigating Officers checked to determine the validity of the decoded message and as to how far the original cyphers had been decoded. It was then learned that the message had been decoded by at least two different sources, one being by [ ] and [ ] and the other by the FBI in Washington. It was noted that these cyphers were broken independent of one another and the FBI confirmed the validity of the original decoded message. It was also learned that there was a small portion on the very end of the coded message that had not been decoded for reasons unknown. b6 b7C

The balance of the afternoon and evening Reporting Officers and other investigating officers met to exchange information and further discuss the evidence at hand.

Thursday, October 2nd, 1969, 0845 hours - Reporting Officer Lonergan received a telephone call from Special Agent [ ] OSI, Travis Air Force Base. Subject called to report that approximately 500 to 1,000 of that type of wing-walker shoe have been sold as surplus on the Base. This would be over and above those sold at the Sales Store. The balance of the morning was spent searching fingerprint evidence and answering phone calls from possible witnesses.

inside the church in order to observe all persons who viewed the services and the remains of victim CECILIA SHEPARD. Det/Sgt. [ ] Sgt. [ ] and Detective [ ] of the Napa Police Department positioned themselves outside the church and photographed all persons entering and leaving the services. This included individual photographs and group scenes. Sgts. [ ] and [ ] also attended the graveside services at the St. Helena Cemetery in St. Helena.

Friday, 10/3/69 - Reporting Officer Det/Sgt. [ ] contacted [ ] Napa State Hospital, advised him to set up an interview with a patient who is a possible suspect in our case. The patient is identified as [ ] yrs. of age, DOB [ ] 6'2", 223 lbs. [ ] had previously reported that this subject had left the hospital on a pass Friday evening, 9/26/69, and returned to the hospital Monday afternoon, 9/29/69. This subject also had spent time in the Air Force and was discharged from the Air Force in January 1969 for psychiatric problems. According to the doctors at the hospital, this subject was capable of committing this type of a crime. R/O in the presence of [ ] and Security Officer [ ] interviewed subject [ ]

[ ] was very cooperative and talkative to R/O and went over his activities the prior weekend. Briefly stated, [ ] whose parents live in Vallejo, never left the Vallejo area that weekend and stayed around home talking with his mother, stepfather, and three brothers. After interviewing subject, it was the opinion of R/O Sgt. [ ] that this subject was not the responsible. He had a definite very fast manner of speaking which was completely opposed to the victim's statement concerning the suspect's voice.

R/O also contacted the mother of the suspect, a [ ] at [ ] [ ] stated more or less the exact same thing that her son had stated as to his whereabouts that weekend. It appears that this subject has a reliable alibi as to his activities and had no access to a vehicle that weekend. This subject was cleared as far as this crime is concerned.

At 2020 hours, 9-27-69, Reporting Officer received phone call from the office that there had been a double stabbing at Lake Berryessa, and that an ambulance had been dispatched. Reporting Officer requested Det. Sgt. [ ] and [ ] be called out and that the units at the Lake be instructed to rope off the scene.

Reporting Officer met Det. Sgt. [ ] at Queen of the Valley Hospital at 2045 hours, and was advised the Suspect had made a phone call from a pay phone at the Napa Car Wash, Main and Clinton Streets, Napa, and that units were at that scene.

At 2050 hours Reporting Officer met Officer [ ] and Reserve Officer [ ] at the Napa Car Wash. They stated they had secured the area and no one had approached the area that was located on the south wall of a building located at the intersection of Main and Clinton Street.

Color photographs were taken of the scene and the area around the phone searched for physical evidence. No indications were found that the Suspect had left at a high rate of speed and tire and foot prints were not observed on the blacktop.

Reporting Officer then approached the phone booth and noted the receiver of the phone was off the hook, and laying on the shelf with the mouth piece directly under the phone unit, the ear piece protruding to the south and the openings on the receiver facing the east wall of the booth. The phone unit was located on the north corner of the east wall of the booth the folding door entrance being the south enclosure of the booth. This scene was photographed to show the receivers position and the phone number 255-9673.

The phone booth was then processed for latent impressions and latent impression lifts #1 thru 35 were taken into evidence. The latent impression removed on latents lifts 29, 30 and 31, and the impression lifted on lift 32, was photographed prior to lifting. Heavy beads of moisture remained on the impressions photographed approximately three hours after the arrival of Reporting Officer at this scene. Processing of this scene was completed at 2349 hours and Reporting Officer proceeded to the Lake Berryessa scene arriving at 0020 hours, 9-28-69.

This scene was located on the east side of Knoxville Road, 7/10 mile north of Lake Berryessa Park Headquarters. Processing of this area began with parking area where Victim's 1956 Karmann Ghia, Oregon License 4U2040 was parked. Reporting Officer observed a wooden foot stile over the fence approx-

imately 15 feet south of vehicle which separated the parking area from the Lake property.

Reporting Officer observed foot prints leading from the foot stile to the passenger side of the Karmann Ghia, where Suspect had to approach to letter the passenger door of the vehicle. The foot prints measured approximately 13" in length, 4½" at the widest point of the sole; heel width 3¼ inches and heel length 3 1/7 inches. A parallel bar tread occurred on both the heel and sole inset from the edges approximately 3/4 inches.

The foot prints were measured and Sgt. [ ] photographed the impressions. Sgt. [ ] also photographed Reporting Officer pointing to the foot print which was to be cast, said foot print indicating the direction of travel was toward the vehicle. A plaster cast was made of this impression. <sup>b6</sup>  
<sup>b7C</sup>

Reporting officer observed one set of tire impressions approximately 20 feet to the rear of Victim's vehicle. The Suspect track nearer the fence measured approximately 4½" in width and showed a parallel tread design. This tread design was photographed by Sgt. [ ] and then a plaster cast was made by Reporting Officer.

The tire impression furthest from the fence measured approximately 5½ inches in width and contained a single straight tread design approximately 1/8 inch width in the center with a herringbone design tread on either side consisting of three approximately 1/16 inch treads between two approximately 1/8 inch treads. This tire impression was photographed by Sgt. [ ] and a plaster cast made by Reporting Officer. The distance between the inside of the left tread to the inside of the right tread measured approximately 52 inches.

General scene photographs of the parking area, the Victim's vehicle, and of the writing on the vehicle door was taken by Sgt. [ ]

Reporting Officer observed written on the passenger's door of the Victim's vehicle, a circle with a cross super imposed over it, and below the symbol the words Vallejo, 12-20-68, 7-4-69, Sept. 27, 69 - 6:30, by knife. The writing instrument used appeared to have been a felt type pen approximately 3/16 inch wide on the tip, with black ink. The vehicle was then processed for latent impressions, and latent lifts 36 thru 43 were taken into evidence.

The vehicle was found to be locked and no signs of attempted entry was observed. The vehicle was then impounded and taken to the Lake Berryessa Park Headquarters where it was secured in a locked garage. Sgt. [ ]

then turned over to Reporting Officer the following items of evidence, he stated he received from Park Ranger [REDACTED]

- #1. One multi colored blanket.
- #2. One Army type field jacket.
- #3. Several lengths of plastic clothes line, white in color, with a hollow core which appeared to be blood stained.

These items were tagged for evidence and locked in Reporting Officer vehicle for transportation to the Napa County Sheriff's Department.

At approximately 0800 hours, 9-28-69, Reporting Officer together with Sgt. [REDACTED] followed the suspected footprints down the hill toward the lake to the point of attack, and then back to the parking area.

Plaster casts were made of a heel print at the bottom of the first hill. Another cast was taken of a complete footprint at the junction of the trail, and a dirt road approximately 50 feet from the point where Park Ranger [REDACTED] discovered Victim Hartnell. A footprint in the sand approximately 100 ft. from the point of attack, bearing the suspected tread pattern which also showed a circular design in the instep area of the print, was photographed and cast.

General scene photographs were taken by Reporting Officer, and cardboard beer flats were placed over suspected footprints, with the lengthwise portion of the flat paralleling the footprint to show direction of travel toward the scene of the stabbing.

A green bottle was found near a stump on the suspected approach route near the point of attack. This bottle was processed for latent impressions and lifts 44 thru 48 were taken into evidence. The bottle was tagged and placed into evidence.

Soil samples were taken from the following locations:

- #1. The point where the attack occurred.
- #2. From behind the tree the Suspect reportedly had stood to put on the hood.
