Hello it's me. Haven't you people figured out who is killing these little people yet? I'll give you a hint, I used to be in San Francisco. I used to stalk women, but I like to kill children now. At all my victim's bodies I have left certain clues, but I guess it's too much for you Rebels to handle. So I guess I'll have to tell you. I'll to kill children because they are so easy to "pick off". By the way, if you still have letters from the other murders, I am not writing in the same hand writing.

CIVIL LIFE AND WHICH WILL BE THE ALLEGED MURKIES AGAINST THEM. OR MAYBE
ONE OF THE CIVILS WHICH THEY HAVE BEEN SAYING THAT THEY ARE GOING TO DO WITH THEM
FOR A DATE IS HIGH DANGER. DON'T LET IT STILL NOT BE ARMED. DAY I TALKED ON
ONE OF THESE PARTS AND DISCUSSED THEM FOR THE WHOLE NIGHT SO ON. SO SOMETHING
HAD TO HURT THEM. THEY DON'T WANT THEM, AND THEY DON'T WANT THEM
ARMED. AND HURTS HAS BEEN. OR HURT IS TOO MUCH LIKE A LOSS. OR
DON'T LET THEM BE ARMED. DON'T LET IT BE ARMED. IT WOULD RUIN THE PERSON

I HAD TO GET HER TO GET OUT OF HER. I PLACED THE KNIFE INTO HER AND STABBED.
I TALK THEM AND THE GIRL HAD CUTTING HER THROAT. I AM NOT HONEST. I AM UNHONEST.
WE WILL KILL BUT SHOW THE FACE. DON'T LET THEM HURTS US POSSUM FOR ALL TO READ

Dear [redacted]

HOMICIDE BUREAU
BUFFALO POLICE DEPT.

It's been 1 mo. (30 days) since we separated and do I ever miss you! I'm looking forward to coming out to meet you. I'm sorry you wouldn't come home to me but perhaps things will work out in Buffalo, anyway.

[redacted] and [redacted] and I drove home with this girl who is [redacted] friend and who did the cooking, washing, etc. for [redacted]. Afterwards we stopped and had Browns, cokes and french fries at that outdoor restaurant down by the lake that we used to go to for hot chocolates. It was fun and brought back good memories. But always there's that pain that comes, that physical hurt that says you're away from that girl. Getting into so tragic. The memory of the last 2 weeks together makes me want to be good to you, to make it up to you somehow.

[redacted] on and he's really funny tonight. This was my day off (Wednesday) and I've been trying to stay up and keep the same hours at work. Tomorrow I work 12 noon to 8 PM. Last night I stayed until 9:30 fixing someone's brake lines so they'd work on a trailer. It helps make up for the 2 tires I sold for less than they cost to buy. (Was the owner ever mad).

I've volunteered for graveyard in case the guy whose supposed to work it doesn't return to work. He was supposed to start Monday morning but didn't show. I think I'd like to try that shift awhile.

[redacted] really excited about moving downstairs. She wants to right away, but I don't think it would be good until the 5th of next month. I need to finish painting & put new linoleum on the floor first.

It's now Thursday night and I just finished watching Johnny Carson and reading the newspaper. I'm so depressed and "down" I just don't want to say very much.

tonight after work I went to the "stone hot" and had a pizza; it wasn't a good thing to do; it brought back too many happy memories of me again and

Dear [redacted]

Last night, I almost blew my mind. I couldn't go to sleep and was very depressed. I slept from 5 to 8 (3 hrs) then went back to work. I was crying and shaking and think I am approaching a breakdown. I was going to go to Highland and try to get committed, but just kept on thinking everything will work out O.K. I finally fell asleep. I am so worried about your love for me and your going to Buffalo. I don't know if I can handle it alone. If I only had a phone to talk to one of the groups in the Bay area. There's tension in my eyes now, I don't know what's happening. I'm O.K. at work but become so depressed and lonely at home.

I got your letter tonight and was very happy to receive it. I shaved my beard and mustache as soon as I got my job. Don't worry about the rug as I've already picked it for you.

K10

[redacted] if I can't handle our being apart it will not be a trick to get you out here. I need you so much but relate Buffalo to my bankruptcy and I can't lose everything to go back to ^(Buffalo) you. I want to take it with me when I come to Buffalo.

1. DRINKING: working the AA program as well as I could and trying to resist the urge to drink. Sometimes I need everything I could think of. I would feel a kind of stupor. I called people for help. There are two things that would keep me from drinking and I don't believe they are available. To me - Antabuse or a折衷方案 - MOTIVATION
2. Encouragement in efforts. This book and morning + evening meditation. Carrying diary with me for spot checks during the day. RECEIVING ASSETS + ACCOMPLISHMENTS
3. HUMILITY: Trying to find a higher power or meaning to life. Praying on my knees morning and night. Accepting what I have - conflict with my need for goals. Love without return. Apollo 135 - BLOOD -
4. GOALS: FAMILY TOGETHER - AA DEESEE. AA PROGRAM, RELATING TO PEOPLE IN A MATURE way. STOP DRINKING, KNOW OR + OTHER CHARACTER DEFECTS.
5. SELF CONCEPT - STOP TRYING TO PLEASE OTHERS SO MUCH. DOING NICE THINGS FOR MYSELF. SELECTING WOMEN. THINGS I ENJOY THAT AREN'T SELF-DEFEATING

I had been in AA actively and seriously for several months before I started this diary on January 1st.

Its purpose is to help me plan my days toward a meaningful life. I was going to AA meetings as night and I believe I was starting to take my therapy seriously.

I seem to be coming across to everyone that I am not serious. That I only went to therapy during a crisis - my whole life has been a crisis. Before Mr. Smith therapy was unrewarding and painful. In this book are some rewards I have received from from AA and Group Therapy. I got a lot from AA even though I didn't relate with the people in AA too well. I think I recently started to relate with the therapist & clients in our group. Following is a condensation of my diary - problems and what I was doing about them.

My reasons for writing to you are two fold. One because I've never had any contact with you in my entire life, Secondly, I'm told you are one of the smartest of the family, and feel you will therefore, be direct and firm in your statements. I too am going to be very blunt and direct, and all I ask is that you hold an open mind.

I need some help; not wanting, my need is mentally and physically. To you and the rest of the world, I am called an enforcer, executioner or more plainly a hired Hitler, for what you people call the Mafia, or syndicate. Again I ask hold an open mind after reading that statement.

When I was seventeen I was trapped into something and to stay alive from that day on, I did exactly what they ask of me. Until two years ago, I finally broke away from them. In this last two years, they've been around me five times. Just recently four days ago.

Hello, [redacted]

I wanted very much to see you yesterday while I was in charge, but cannot go into full explanation as to why it didn't work out you left the building that morning, but somehow you were different than my remembrance of you. Thought perhaps I could talk to you there & first, so contacted back at 5:30 p.m. but had me to call and when I called he wasn't in. Also found that you didn't really care to speak with me. Sup, so still held out some hope that perhaps you could have returned some of the love we had for each other. Guess that gave just bad to long without return. You were getting, or being? Lived in equal

I had expected and planned to turn myself over to the authorities, but if you don't have some thing or someone to look forward to, or with person can be hell. A hell that you cannot imagine, if you have not been there.

Believe your hating me is the worst I can take. I have had a life of violence and should therefore go on in a life of violence rather than be alone in prison even though I do they will eliminate me in prison. If that is hell, not give myself up. They will have to find me, and I will not

Let them take me. It is not that I am afraid of death, but that it is completely and totally useless death. Not going back to Cuba tomorrow for an assignment that will be highly substitutable. Therefore, shall finally be able to send you some financial help. I was worried that it could not be done much sooner. My life and my mental being have been greatly changed in the past year just as I have been told yours has changed.

My greatest hurt comes in the loss of my daughter. Do not think you can no doubt I personally feel inside. First, I could never marry the mother of my daughter (after which it was visible) I had married until she finally divorced from one man to another. All those years I held her still in a broken heart, once or twice a year, the continual worrying about your, now only in that of time I was trying to support close to breaking. Then over continued arguing and bickering until finally sold to hell with it and gave up. We contact very well, however, not getting that my other sister would be brought out there. The wife from your place and the kids, still in its innumerable other forms I have everything from my maid, house, which I got back to Cuba because has still money most of my time. I miss you so much, that is why I was willing to pay every day yesterday to see you.

[redacted]
They told me that you hated me so much, that they only way you would be happy is when I was dead. But it seems I was only a fool to believe otherwise. You are either the most stupid person in the world or one of the bravest and I think I used to know you well enough to say that you were far from stupid or ignorant, so therefore this story has to be a plant. It makes you a very brave woman, except for one thing, your brave with the kids too.

[redacted] I love you with all my heart and the children even more so. For God's sake, if I could have supported or sent money I would have. Can't you understand that. This year has been hell on you. This I know, but don't you think if it's been bad on you, it's been three, five, ten, even a hundred times. As bad on me, I can't go on the street in daytime for fear of being seen or recognized. Not after 2:00 AM because I might look suspicious.

Five times there's been an attempt made on my life, Chicago, St. Louis, Little Rock, New Orleans and Berkeley.

You saw me that night, much thinner almost completely gray headed, it has taken its toll. One bullet still in me, and in a position that causes discomfort better than 80% of the time.

[redacted] Can you truthfully say that you hate me enough to want me dead? This is what you're indicating. Like you said that night, how could [b6] [b7c] know where you're at, in two ways it is so out of line it's almost off. before, the only bad fault you had
was a very over exaggerated mind.

True, I thought I was through with
killing, because I stated it this way
is what's got me into this predicament,
that and your internal jealousy. But
now to sacrifice your love placed in
my hands the necessity of possibly mass
killing to sacrifice and lose my three kids.

You hate me because you thought
I threw you over for another woman and
because you find out perhaps I had
another woman enough to keep a child.
I was fifteen, sixteen after Sandy was
born. A high school love and infatuation
that got out of hand. You can't understand
the love for this, but not your brother

same mess, or yourself when we damn
never get in that kind of predicament.

UNIDENTIFIED

Casino Owner Dies as Blast Rips Car

Exclusive to The Times from a Staff Writer

SOUTH LAKE TAHOE, Nev.—Gambling casino owner Rich Chartrand was killed Tuesday when a bomb demolished his automobile as he was leaving his home nearby Zephyr Cove.

The blast, which scattered debris more than 100 yards, occurred directly across the street from the home of Frank Johnson, chairman of the Nevada Gaming Control Board, investigative arm of the state gaming control system.

Chartrand, major owner of Barney's Casino in Stateline and part owner of the Nugget Club in South Lake Tahoe, was killed instantly, Douglas County sheriff's deputies said.

"I was in bed, trying to get rid of cold when I heard a tremendous loud blast," Johnson said. "I went out immediately. The car was smoking and Chartrand was lying in the front seat."

FBI Called onto Case

Ted Stokes, acting district attorney of Douglas County, took over the investigation. He said he had called in the FBI, as well as a bomb squad from Reno.

Chartrand was a graduate of Fresno State College and served as a pilot in the Army Air Corps during World War II.

He had operated an air chart service in Fresno and was a real estate broker there before moving to Nevada five years ago, where he assumed control of Barney's Club after a long dispute with other stockholders.

Stokes said Chartrand had been the victim of violence at least once before. In 1961, he was pistol-whipped and robbed of \$1,700 by two men who accosted him outside his home in Fresno.

Had No Known Enemies

"We have no leads in this case," Stokes said. "So far as we know at this time, Chartrand had no enemies."

Chartrand's business partner, T. C. Harper of Reno, confirmed this.

were kind of nice you have for me. If I had, I would have taken the kids and gotten out of here long ago. I love you very much Jane, maybe for once you can begin to know how much.

I'm sorry and ashamed for what I've done in the past. But its done now, nothing I do can never change it. I was offered a thousand dollars to eliminate Castro in Cuba. And I say this, I think I could accomplish it. I've been to Cuba for several months, and gotten the feel. I'll give you 111 been with me for about sixty days, you'll get what seems to be your last love, money! I'm going back there, take I said, I got in advance, I, then promise you, I will send you some cash, maybe with some imagination you can carry it, you love it except

Dear [redacted]

How are you? Fine I hope. Suppose that by now you have heard who and what I really am. Guess you have also heard that I took two slugs in my mid section in that little scuffle on Dec. 16th.

It is absolutely impossible to reach you to the point of complete understanding, but feel you were entitled to know that I gave a signed and notarized document to Sheriff Joe Woods, and also ask him to give you and the kids as much protection as they possibly can. I do not think they will extend to much help because of who I am, but for the information he wants he will have to help a little.

b6
b7C

Yes, [redacted] they may try for the kids or come to bring me out. If they do, I'll come out, I will not let them hurt either you or the children.

At the time you receive this, I will already be in Cuba. I have contacts still in Chicago and they will let you know if anything happens to me or vice versa concerning you and the kids.

[redacted], I didn't believe in your religion,
but I do believe in God. And as only
he can understand, I am sorry for all those
people that I have killed and harmed.
But understand something if you can, every
person that I ever killed actually de-
served it all, but one was of our own
kind. Mostly people that double crossed
the organization or forced to.

I never wanted to become what
I was, it was an accident when I
killed that first man in San Francisco,
and from then on I had to do what
they wanted.

[redacted] many times I backed out
and refused to do things, but they
and god forced me into it. I'm not
blaming you, I hated for us to always
live hard to make up my regular job,
and I was paid several thousand every
time I made a hit.

Many times I even used you as
my alibi, at times I even used your
parents. Also those years, the many
scores of people I hit and never got
caught or suspected, only once did I

practically goof, when I hit [redacted]
[redacted] we used over car, the 59
Chevy. I didn't know anyone saw
the car until I heard the news
reports that night. We soon sold it.

You were me alibi the night
I hit [redacted].

My only bad problem was
the drinking I did to forget what
I had to do and did do.

I did not lie to you, in the
only way I know how, I loved you. For
years I have expected to die. If you
will remember back, there were times
that I told you I wouldn't last so
many years.

[redacted], I have seen you and the
kids for the last time, but I have not
deserted you. They have sent five men
after me since Dec. 16th, so far I have
been lucky. I got all five before they
got me. However, I understand the price
on me has gone from \$25,000.00 to \$3,000.00.
I cannot come out now to give you
any money, its not because I don't
want to, but I cannot get out

in the open to do anything. I tried to get some of my relatives to help me, but they all afraid, even my own parents. For the first time in my life I am completely alone. I'm in the gulf coast now, and will be in Cuba the first week of February, unless they catch me again.

[redacted] I'm scared, I know that sooner or later they'll find me and kill me. I don't want to die, anyone more than anyone else does. I think now I can understand how some of the people I killed felt. I cannot let the FBI take me, because that is the easiest place for my people to get me.

At one time you loved me, this I know, because of this love I say to you, I loved you and tried to be a good husband, but I couldn't be right by you, when every few weeks I was ordered to hit or hurt someone. Do you know what it's like to look someone in the face and then pull a trigger. You never get used to it. And I'm not crazy, just always scared.

God help us Jane, I have spent ev'rythg all the love I know how to give. You are finally free of me.

21 Sept 69. Had a power failure at @ 1320 hrs with about
15-20 minutes to go on R15. Restarted OK at 1352, some
trouble getting power to file loader. After completing
R15 tried running pgm 050 to set the clock. Neither
the deck in here nor in the cabinet wanted to run.
Off-line manually they went fine, but would jam
every time on the same card with both decks when
trying to load. Finally got to run by start-stop about
2 cards at a time.

The Loader went local & would not come back

However, I did get some tape manually and looped, got

the bottom shaft unstuck, & restarted R27

Dear Christine

I have a lot of things I should be doing right now as I write this letter but I like to find excuses, so for this reason and because I would like to hear from you (not that I'm mad at you for not writing, but because honestly, I would like to hear from you.)

I just came from "Prayer Meeting" and we've been discussing various teenage problems (?)! For the first time I'm beginning to know God. I don't want to sound real religious or anything. ~~In Calif.~~ everybody is so ~~rush~~-rushed, much, that no one has time for God and so when you go to a ~~Pray~~ meeting you really have to hard to explain how it is out here with me. You seem to be looking for a happy medium between Christ and ~~time~~, but its very, very, very, very, hard to understand (?!), difficult to find (?!), or is it just that you don't want to see the truth (?!) Well to get on (?) (well to get on I said) I wish I still lived in Texas and I had the kind of Christian friends I have out here together with the Christian friends back in Texas.

You know what, I bet you think I'm crazy writing like this, and you know what else, sometimes I wonder that myself. But I can tell now that I'm not, its just the way I am. I love it out here in Calif. Everything is perfect except for one thing, there is too much pressure on a student. You can have all the fun (well almost all) you want, but when it comes to school, that's where the pressure is, not that there to much or to little, but both. Its strange.

Living in Calif. has greatly enlarged my thinking toward the thoughts, actions, and needs of people. Many of my ideas, as you would call them, are very contradictory, with some bit of truth in each. I'm telling you all this because I have no one to tell it to and because I assume you want to know how I am and what its like out here. When you write please ask a lot of questions so I'll have something to say. Well enough of this stuff! How are you? How are your feet? How is school? Have you won many games? Who is your boyfriend? Do you still go to Berea Church? How do you feel about Johnson, T.F. Goldwater? Does your school have a well run student gov? What school are you attending? And, one last question, did you really have in your mind and heart when you got that postcard that said: "What can I give Him poor as I am?"

If I were a shepard

I would bring a lamb;

If I were a wise man

I would do my part--

Yet what can I give Him,

Give my heart."?

I Christian love & Always your friend,

P.S. In this letter I have just let my thoughts be written down without any re-writes. I can tell its rather vague, Im partly and very forward in there. Its far from the best letter I've written, but it is the most honest. Please feel free to talk the over.

way you want. Don't hesitate to ask ^{any kind of} questions. Be honest, when you say something. Now that we're apart there is no danger in getting to serious, and there is nothing you could say, no matter how critical or rude it might be, that would keep us from being old friends.

I'm a very open minded person (adult, or boy, I don't know) and can look on almost anything indifferently. I'm a wolf in a poor disguise where girls are concerned. But most of all, I'm a growing teenager.

P.S.S.S.S.S. Please don't delay in writing)

Re: ATKID;
MAJOR CASE #30
KIDNAPING

Specimens received March 19, 1981

Q27 Envelope postmarked "ATLANTA, GA 303 PM
8 MAR 1981" bearing the hand printed address
"1611 W Peachtree St NE 30308"Q28 Accompanying one-page hand printed letter
beginning "Hello its me. Haven't you . . ."

Result of examination:

It could not be determined whether the writer of the Zodiac letters in the case "ZODIAC; EXTORTION" prepared the questioned writing on specimens Q27 and Q28, because of distortion and unexplained variations.

While a definite conclusion could not be reached in this examination, some characteristics were noted which indicate that the writer of the Zodiac letters should not be eliminated as a possible suspect in the preparation of specimens Q27 and Q28.

No watermarks, indented writing or other features were found on specimens Q27 and Q28 which would be of value in determining the source of these specimens.

Specimens Q27 and Q28 were photographed and will be returned with the fingerprint report. The results of the authorship identification examination will also be furnished separately.

Specimen received May 18, 1978, from FBI, San Francisco, under
cover of communication dated May 15, 1978 (80519013 D LL):

Photograph of Q99

Result of examination:

The hand printing on the Q85 through Qc100 letters
shows a wide range of variation and various writing speeds.
Additionally, portions of the material, particularly the
three Riverside letters, may have been disguised or deliberately
distorted.

For the above reasons, the hand printing examination
of these letters was inconclusive. However, consistent
hand printing characteristics were noted in the Q85 through
Qc100 letters which indicate that one person may have prepared
all of the letters including the Riverside letters and the
message found on the desk top in the Riverside case.

The submitted evidence was photographed and is
enclosed herewith.

Sir:

1. Request an analysis of the enclosed "Zodiac" homicide letters to determine the number of authors. No identified suspect at this time.
2. These letters have been examined by [redacted] California Department of Justice, Bureau of Criminal Identification (Questioned Documents Section) and [redacted] Director of Postal Crime Laboratory, Western Regional Office, San Bruno, California. Prior to his retirement in 1973 [redacted] examined and authenticated all of the "Zodiac" letters, including the now disputed Riverside, California letters. On May 11, 1978 [redacted] examined, for the first time, these Riverside, California letters and formed the opinion that they were not authored by "Zodiac". We are requesting this additional examination to settle the disputed authorship due to the seriousness of the case. "Zodiac" is a mass murderer to whom we have attributed six known victims since 1966, and has subsequently reappeared by sending another letter to a local newspaper.
3. At [redacted] request I contacted [redacted] California State Department of Justice, Bureau of Criminal Investigation (Questioned Document Section) and [redacted] Director of Postal Crime Laboratory, Western Regional Office, and explained the nature of this requested examination. Neither individual expressed any reason why the examination should not be conducted.

COPY AND SPECIMENS RETAINED IN LAB.

Specimens received 7/28/74

- Specimen 1: Microscopy of envelope containing "LBJ 2120" and "NATIONALS" and printed address "White House - San Francisco, California"
- Specimen 2: Microscopy of hand printed address "White House - San Francisco" and address "White House - San Francisco"
- Specimen 3: Microscopy of address card of "WHITE HOUSE - SAN FRANCISCO" showing address "White House - San Francisco" and name "John F. Kennedy Jr." and address "White House - San Francisco"
- Specimen 4: Microscopy of reverse side of note containing handwritten hand printing beginning "Dear - I would like to acknowledge" and signed "... a citizen"

Results of examinations:

The hand printing on Specimen 1 and Specimen 2 contains some characteristics which are inconsistent with the hand printing on the KODAK letters received at the laboratory to date. While these inconsistencies are not sufficient to definitely eliminate the writer of the KODAK letters as the writer of Specimen 1 and Specimen 2, they suggest that these specimens may have been prepared by someone other than the writer of the KODAK letters, prepared by someone other than the writer of the KODAK letters.

It was not definitely determined whether the handwritten hand printing on Specimen 3 and Specimen 4 was produced by the printer of the KODAK letters because of variations in this material; however, discrepancies were noted which indicate that Specimen 3 and Specimen 4 were probably prepared by the writer of the KODAK letters.

The submitted evidence is attached.

the Riverside Police Department. Detective [redacted] related "The Confession" described details of the murder of CHERI JO BATES and the manner in which her vehicle was disabled which would have been known only to the unknown subject who murdered her.

He advised the hand printed letters stating, in effect, "Bates had to die, there will be more" had been received after "The Confession" letter had been received.

b6
b7C

Detective [redacted] stated that after an article by reporter [redacted] in the San Francisco Chronicle in early 1971, in which [redacted] claimed the CHERI JO BATES murder had been committed by Zodiac, Zodiac thereafter directed a letter to the Chronicle in which he claimed responsibility for this murder.

Detective [redacted] stated that several months after the CHERI JO BATES murder, the poem which starts, "Sick of living/Unwilling to die...", was discovered in the library at Riverside City College, Riverside, California, where CHERI JO BATES was attending at the time of her murder. He pointed out the night she was murdered she had left the library in which this poem was discovered. He said it had apparently been written with a blue ball point pen into the soft wood of a plywood study desk.

Detective [redacted] stated that all latent fingerprints in instant case had been submitted to the Identification Division, Latent Fingerprint Section, on 11/4/66. Detective [redacted] exhibited a letter from the Latent Fingerprint Section dated 11/15/66 which reflected Latent Case #73096 had been assigned to the Riverside submissions. He added that from the latents previously submitted to the Bureau, only four fingerprints and three partial palm prints remain unidentified.

REQUESTS OF THE BUREAU

The FBI Laboratory is requested to compare the handwriting or hand printing of the enclosed documents with previously submitted samples of the handwriting or hand printing attributable to Zodiac.

LA 62-6854

It is pointed out that all items being submitted have been processed chemically by the Riverside, California, Police Department for any latent prints.

On completion of the examination by the FBI Laboratory, it is requested the enclosed documents, all which are originals and are evidence in the CHERI JO BATES murder case, be returned to Los Angeles for return to the Riverside, California, Police Department.

The FBI Identification Division, Latent Finger-print Section, is requested to compare the latent fingerprints and partial palm prints previously submitted by the Riverside Police Department to the Identification Division on 11/4/66, Latent Case #73096, with other latent prints on previously submitted samples by the Sacramento and San Francisco Offices.

Result of examination:

It has previously been noted that certain of the threatening letters in this matter were not written as freely as other letters and portions of the questioned material contain distortion. Additionally, most of the specimens submitted to the Laboratory have been photocopies, some of which are not sufficiently clear to permit satisfactory comparisons. For these reasons, an unqualified determination regarding the number of persons preparing the threatening letters in this matter could not be made; however, hand printing characteristics indicate that all of the threatening letters including Qc62 and Qc63 were probably prepared by one person.

SUBJECT: ZODIAC
EXTORTION
OOI: Sacramento

For information of the Los Angeles Office, commencing in August, 1969, an individual who has written several letters to newspapers in Northern, California, some of which contain cryptographic messages, and who signs himself "ZODIAC", has been suspect in at least six unsolved murders in California. Because of some of the details contained in his letters, pertaining to the murders, details not known to the general public, the police agencies which investigated the cases have come to the confirm conclusion that the "ZODIAC" is responsible. The murders for which the "ZODIAC" has taken credit are as follows:

DATE	PLACE	NUMBER OF VICTIMS
10/30/66	Riverside, California	1
12/20/68	Vallejo, California	2
7/4/69	Vallejo, California	1

<u>DATE</u>	<u>PLACE</u>	<u>NUMBER OF VICTIMS</u>
9/27/69	Lake Berryessa (Napa County, California)	1
10/11/69	San Francisco, California	1

All but the Riverside, California crimes occurred in the Sacramento and San Francisco Division. The Sacramento and San Francisco Divisions have, since 1969, on a selective basis, requested examinations by the FBI Laboratory and FBI Identification Divisions, pursuant to requests from the Vallejo, California Police Department (PD); Solano County, California Sheriff's Office (SO); San Francisco PD; and Napa County, California SO. All of these police agencies have had jurisdiction in murders committed by the "ZODIAC" in their areas.

As a result, the FBI Laboratory has on file several samples of handprinting and writing prepared by the "ZODIAC", which samples were furnished by the above police agencies.

The FBI Identification Division, Latent Fingerprint Section, has on file some latent prints developed from questioned documents and other sources, and made available by the above police agencies. Some or all of these latent prints may belong to the "ZODIAC".

For a period of approximately three years, no correspondence had been received from the "ZODIAC", however, on 1/29/74, a letter was received by a San Francisco newspaper, believed to have been prepared by the "ZODIAC". The San Francisco office is in the process of obtaining a copy of this letter and any latent fingerprints developed on it for submission to the FBI Laboratory and Identification Division.

SC 9-68

A review of the Sacramento file in this matter discloses that no questioned writing or latent prints which may have been developed in the Riverside, California, murder have ever been submitted to the FBI Laboratory or Identification Division.

LEADS:

The FBI Identification Division, Latent Finger-print Section, is requested to advise how many latent prints believed to be of the "ZODIAC" are available and if there is any possibility of classifying these latent prints to the extent of permitting a search through FBI fingerprint files in an effort to identify the "ZODIAC".

LOS ANGELES:

AT RIVERSIDE, CALIFORNIA:

Will, from the local authorities who investigated the murder believed committed by the "ZODIAC", obtain copies of any handwriting or handprinting attributable to him, and photographs of any latent prints which may have been developed in that case, and submit these to the FBI Laboratory and Identification Division for appropriate examination and comparison with previously submitted samples.

Specimens received

11/2/70

**Qc59 Photocopy of a post card bearing cut out threatening address [REDACTED]
Orinda, Ca." postmarked "BERKELEY, CA 17 OCT PM 1970"
bearing message cut out of newspapers or other publications
beginning "Mon, Oct 12, 1970 [REDACTED] The Zodiac is
going to..."**

**Qc60 Photocopy of envelope postmarked "SAN FRANCISCO, CA 6B
27 OCT PM 1970" bearing hand printed address "Paul Avery

b6
b7C

**Qc61 Photocopy of accompanying Halloween greeting card bearing
hand printed message beginning "By FIRE..."**

Result of examination:

Qc59 does not contain any hand printing and a comparison of this specimen with the other questioned specimens containing hand printing was not feasible.

The hand printing on Qc60 and Qc61 is too limited and distorted to definitely associate it with any of the hand printing on threatening letters received previously in this case; however, a few hand printing similarities were noted.

Nothing of particular significance was noted concerning Qc59 through Qc61 which would be of value in identifying the source of these specimens or the other specimens received previously in this matter.

No identification record could be located for [REDACTED] based upon the description of this person furnished in your communication dated 10/29/70.

The submitted evidence is retained.

Qc52 through Qc56 were described in Laboratory report dated 8/5/70.

Result of examination:

The reference to the Mt. Diablo code in Specimen Qc54 probably refers to the map contained in Qc51, previously submitted, which included Mt. Diablo.

Specimens Qc54 and Qc55 contain text taken from a song of Ko-Ko, the Lord High Executioner, in Act I of the Mikado, by Gilbert and Sullivan.

The reference to billiard players in Qc56 may have been taken from a song sung by the Mikado in Act II of the same play.

No code or cipher material was found in Specimens Qc52 through Qc56.

Result of document examination was furnished separately.

Specimens Qc52 through Qc56 are being retained.

CHORUS. Defer, defer,
To the Lord High Executioner, etc.

KO. Gentlemen, I'm much touched by this reception. I can only trust that by strict attention to duty I shall ensure a continuance of those favours which it will ever be my study to deserve. If I should ever be called upon to act professionally, I am happy to think that there will be no difficulty in finding plenty of people whose loss, will be a distinct gain to society at large.

SONG—KO-KO with CHORUS OF MEN

As some day it may happen that a victim must be found,
I've got a little list—I've got a little list
Of society offenders who might well be underground,
And who never would be missed—who never would be
missed!

There's the pestilential nuisances who write for auto-
graphs—
All people who have flabby hands and irritating laughs—
All children who are up in dates, and floor you with 'em
flat—

All persons who in shaking hands, shake hands with you
like that—
And all third persons who on spoiling *tête-à-têtes* insist—
They'd none of 'em be missed—they'd none of 'em be
missed!

CHORUS. He's got 'em on the list—he's got 'em on the
list;
And they'll none of 'em be missed—they'll
none of 'em be missed;

There's the nigger serenader, and the others of his race,
And the piano-organist—I've got him on the list!
And the people who eat peppermint and puff it in your
face,
They never would be missed—they never would be
missed!

Then the idiot who praises, with enthusiastic tone,
All centuries but this, and every country but his own;
And the lady from the provinces, who dresses like a guy,

And who "doesn't think she waltzes, but would rather
like to try";

And that singular anomaly, the lady novelist—

I don't think she'd be missed—I'm *sure* she'd not be
missed!

CHORUS. He's got her on the list—he's got her on the
list;

And I don't think she'll be missed—I'm *sure*
she'll not be missed!

And that *Nisi Prius* nuisance, who just now is rather rife,

The Judicial humorist—I've got *him* on the list!

All funny fellows, comic men, and clowns of private
life—

They'd none of 'em be missed—they'd none of 'em be
missed.

And apologetic statesmen of a compromising kind,
Such as—What d'ye call him—Thing-em-bob, and like-
wise—Never-mind,
And 'St—'st—'st—and What's-his-name, and also You-
know-who—

The task of filling up the blanks I'd rather leave to *you*,
But it really doesn't matter whom you put upon the list,
For they'd none of 'em be missed—they'd none of 'em
be missed!

CHORUS. You may put 'em on the list—you may put
'em on the list;

And they'll none of 'em be missed—they'll
none of 'em be missed!

With permanent walnut juice.
The idiot who, in railway carriages,
Scribbles on window-panes,
We only suffer
To ride on a buffer
In Parliamentary trains.

CHORUS.

My object all sublime, etc.
His object all sublime, etc.
The advertising quack who wears
With tales of countless cures,
His teeth, I've enacted,
Shall all be extracted
By terrified amateurs.
The music-hall singer attends a series
Of masses and fugues and "ops"
By Bach, interwoven
With Spohr and Beethoven,
At classical Monday Pops.

The billiard sharp whom any one catches,
His doom's extremely hard—
He's made to dwell—
In a dungeon cell
On a spot that's always barred.
And there he plays extravagant matches
In fitless finger-stalls
On a cloth untrue,
With a twisted cue
And elliptical billiard balls!

CHORUS.

His object all sublime, etc.

Enter POOH-BAH, KO-KO, and PITTI-SING. All kneel

(POOH-BAH hands a paper to KO-KO.)

KO. I am honoured in being permitted to welcome your Majesty. I guess the object of your Majesty's visit—your wishes have been attended to. The execution has taken place.

MIK. Oh, you've had an execution, have you?
KO. Yes. The Coroner has just handed me his certificate.

POOH. I am the Coroner. (KO-KO hands' certificate to MIKADO.)

MIK. And this is the certificate of his death. (Reads.) "At Titipu, in the presence of the Lord Chancellor, Lord Chief Justice, Attorney-General, Secretary of State for the Home Department, Lord Mayor, and Groom of the Second Floor Front—"

POOH. They were all present, your Majesty. I counted them myself.

MIK. Very good house. I wish I'd been in time for the performance.

KO. A tough fellow he was, too—a man of gigantic strength. His struggles were terrific. It was really a remarkable scene.

MIK. Describe it.

TRIO AND CHORUS

KO-KO, PITTI-SING, POOH-BAH and CHORUS

KO. The criminal cried, as he dropped him down,
In a state of wild alarm—
With a frightful, frantic, fearful frown,
I bared my big right arm.
I seized him by his little pig-tail,
And on his knees fell he,
As he squirmed and struggled,
And gurgled and guggled,
I drew my snickersneel
Oh, never shall I
Forget the cry,
Or the shriek that shrieked he,
As I gnashed my teeth,
When from its sheath
I drew my snickersneel

CHORUS

We know him well,
He cannot tell
Untrue or groundless tales—

Specimens received 12/21/69

Qc36 through Qc42 were described in Laboratory report dated 12/24/69.

Result of examination:

No decryption could be effected for the symbols in Qc37.

The notations "FLT 5 5 5" on Qc40 and "FLT THREE OF KIND V" on Qc42 could both refer to flight number 555, since V is the Roman numeral for 5.

The Official Airline Guide lists a Cal-State Airlines flight 555 from Bakersfield, California, to Sacramento, California.

The notation "C HARRY OTT" on Qc42 could possibly mean chariot.

Results of document examination were furnished separately.

Specimens Qc36 through Qc42 are being retained.

Result of examination:

Photocopies of numerous letters, envelopes and ciphers, including copies of the material you submitted, have previously been received in this case. Qc22, Qc29, Qc31 and Qc32 were originally submitted by the FBI, San Francisco with a communication dated 11/12/69. Qc44 was originally submitted by the FBI, San Francisco with a communication dated 12/29/69.

Some of the threatening letters, including Qc44, probably contain some distortion and were not written as freely as other threatening letters in this case. The ciphers, such as Qc32, were hand drawn and do not represent normal hand printing. For these reasons, it was not definitely determined whether the specimens you submitted and the other specimens in this case were written by one person; however, some characteristics were noted which indicate that all of the threatening letters in this case may have been prepared by one writer.

It was not determined whether the questioned hand printing on the threatening letters in this case was prepared by [redacted] because the threatening letters in this case were hand printed and the Kc6 samples were handwritten in a disconnected script; however, nothing of particular significance was noted in the limited comparison which could be conducted.

The submitted material is returned herewith.

It was previously reported that the questioned hand printing on Qc34 through Qc38 may contain some distortion and was not written as freely as the other threatening letters in this matter.

Qc43 and Qc44 may also contain some distortion and were not written as freely as the threatening letters received prior to Qc34; however, some characteristics were noted which indicate that all of the threatening letters in this case may have been prepared by one person.

Qc43 and Qc44 are retained.

Result of examination:

It was previously reported that Qc34 and Qc35 probably contain some distortion and were not written as freely as the other threatening letters in this matter.

The questioned hand printing on Qc36 through Qc38 may also contain some distortion and these specimens were not written as freely as the threatening letters received prior to Qc34 and Qc35; however, some characteristics were noted which indicate that Qc34 through Qc38 may have been prepared by the writer of the other threatening letters in this matter.

No business reply envelopes or pages from astrology books, such as Qc39 through Qc42, have been received previously in this matter, and these specimens could not be associated with the other specimens in this case.

The handwritten notations on Qc40 in the wording "... Flight 555 SF. 700 P.M. P.M." could not be associated with any of the other questioned material in this case. It is noted in this regard that the questioned writing on the other specimens in this matter is hand printed and that the notations on Qc40 are very limited.

Result of examination:

It was not determined whether the hand printing on Q1 and Q2 was prepared by ELEGANT [REDACTED] or by the other persons whose writings appear(s) in the K1 logbook, because of distortion in the questioned material.

b6
b7C

Additional handwriting samples prepared by the suspect or suspects would be of doubtful value because of the distorted nature of the questioned writing.

Based upon handwriting comparisons, no connection could be established between the above-captioned case and a case currently being handled by this Bureau entitled "ZODIAC, Extortion." That case involves numerous threatening letters mailed to several newspapers in the San Francisco area.

If a latent fingerprint examination of Q1 and Q2 is desired, these items may be resubmitted to the Identification Division of this Bureau with an appropriate request.

The submitted material is returned herewith. Photographs of Q1 and Q2 are retained.

Specimens received 10/20/69

- Qc19 Photocopy of envelope postmarked "San Francisco Calif. JB PM 13 OCT. 1969" bearing hand printed address "S. F. Chronicle San Fran. Calif.
Please Rush To Editor"
- Qc20 Photocopy of accompanying hand printed letter beginning "This is the Zodiac speaking..." and ending "...kiddies as they come bouncing out."

Results of examination:

It could not be determined whether the questioned hand printing on Q1 through Qc6, Qc8 through Qc10, Qc12 through Qc14, Qc19 and Qc20, was prepared by one or more persons, because the photocopies of these specimens do not show sufficient detail for a satisfactory examination; however, characteristics were noted which indicate that these specimens were probably prepared by one person.

Qc7, Qc11, and Qc15 are photocopies of ciphers and are not comparable with the questioned hand printing in this matter. Qc16 and Qc17 are typewritten. Qc18 is a key for the decryption of the ciphers in this matter and is not comparable with the questioned hand printing.

Qc19 and Qc20 are retained.

Re: the following in _____

Inspector [redacted] advised that investigation is currently being conducted by Napa, Vallejo and San Francisco Police Departments concerning captioned matter and that he believes UNSUB may have military background inasmuch as UNSUB used bayonet and two separate 9 mm weapons and one of surviving victims observed UNSUB to be wearing military-type boots. Further, Inspector [redacted] related that the enclosed letter from UNSUB, identifying himself as Zodiac and stating he was responsible for the killing of cab driver, enclosed a blood stained piece of material alleged to have been taken from victim's shirt. [redacted] stated he had definitely established that material did in fact come from victim's shirt and laboratory examination indicated handwriting is same as that in prior letters written in Napa County on 9/27/69.

~~EXHIBIT~~

The enclosed letter and envelope are being furnished to the laboratory for examination and comparison with material previously submitted by Sacramento Division in this matter.

Copies of the letter and envelope and wanted flyer are being furnished to Sacramento Division for information and any action deemed advisable.

San Francisco Division will maintain close contact with Inspector [redacted] Homicide Division, San Francisco Police Department, to furnish laboratory and latent fingerprint examinations requested. 10/17/69.

Enclosed for Sacramento is one copy each of above described letter and envelope and one copy of San Francisco Police Department wanted flyer #87-68.

For information of the Bureau and Sacramento, Inspector [redacted], San Francisco Police Department, advised on 10/17/69 that above described letter and envelope were received by the "San Francisco Chronicle", a San Francisco daily newspaper and furnished to the San Francisco Police Department. These items are submitted in cooperation with the Vallejo Police Department. The original of items 2, 3, and 4 were examined by local police for latent fingerprints. Item 1 has not been examined and it is requested that it be processed for latent prints.

The ciphers enclosed with Items 2 - 4 were submitted by the Vallejo Police Department to the Navy Department, but were not examined by cryptographer.

Request that ciphers enclosed with Items 2 - 4 be examined to determine significance, if any. In this regard, police officials are of opinion that the letters were written by person responsible for the murder of the three and the wounding of the fourth victim. They have no idea as to the significance of the ciphers. It is further requested that letters and ciphers be compared with other threatening letters submitted to the FBI Laboratory.

All items should be returned to Sacramento, for return to the Vallejo Police Department, upon completion of examination.

No active investigation is being conducted by Sacramento, and none is requested of San Francisco.
